Position Description:

Abortion Action Missouri is hiring **TWO** Public Policy and Research Interns for the Fall 2023 semester. We are looking for undergraduate or graduate students with research experience and a commitment to advancing reproductive freedom and abortion access in Missouri communities. The Public Policy and Research Interns will work together with the Manager of Public Policy, local elected officials, and coalition partners to track and analyze local reproductive freedom policy in order to identify opportunities for advancement. They will be working on a project supported by the National Institute for Reproductive Health on developing their Local Reproductive Freedom Index. Research conducted will be presented to AAM coalition partners at the end of the semester.

Abortion Action Missouri Internships are compensated with monthly stipends totaling \$2500 for the semester. Students must have internet access, however a computer can be provided upon request. This is a research heavy position that requires comfortability with independent working, solicitation of elected officials, and attention to detail.

Interns will also have the opportunity to be considered for extension through the Spring 2024 semester.

To apply: Submit a cover letter, resume, and an example of prior research experience to jobs@abortionactionmissouri.org. Applications will be considered on a rolling basis until September 15, 2023
